

Dear OAAPN Member,

Please see the electronic message below. United Health Care has confirmed that they are now credentialing CNMs, NPs and CNMs in Ohio. We do not have confirmation yet on the CNSs. We do plan however to pursue that question. As you know, United Health Care is the parent company of Evercare and Evercare is the nurse practitioner staffed company that provides health care services in LTC facilities.

OAAPN has been successful in pursuing credentialing with United Health Care through discussion and negotiation.

Please use the email below as evidence of their commitment to APN credentialing in Ohio. We will pursue a more formal announcement. Please contact me immediately if you have any problems, concerns or questions regarding APN credentialing with United Health care.

Credentialing NP's

Can you let me know if your area is credentialing Nurse Practitioners independent of physician practices?

Thanks so much

Bernadette
